TEAMSTEP

MONSTARSTEP MONSTAR LADDER

Team Systems has grown to become Australia's leading manufacturer and importer of Material Handling Equipment.

Team Systems has been at the forefront of continued product development and sourcing of new products from right across the globe.

Our Brands include: Teamstar Trolleys, Teamstep, Rollmasta Conveyor, equip Powered Trolleys, Monstar Ladders, Crane Fork Attachments and Drumtech Drum Handling Equipment, just to name a few.

Team Systems also has a long standing relationship with some of Australia's largest manufacturers like Viscount & Nally Plastics, and Bailey Ladders.

- **National distribution from five branches across Australia.**
- **2000 product lines in stock.**
- **Warehousing & Consolidating orders in China.**
- **Direct manufacturing of products in China for specific customer requirements.**

Team Systems' Values

The values embraced by the people at Team Systems stem from a tradition which has been maintained from the very outset. These values are the key to maintaining successful and transparent relationships which have nurtured long term and mutually prosperous associations.

At Team Systems we expect our people to behave consistently with the following values:

- **Integrity:** Honest, ethical dealings within the letter and spirit of the law
- **Teamwork:** Working towards a common goal in a collaborative, inclusive manner
- **Individual Accountability:** Accepting responsibility, a sense of urgency, an eye for detail and a "can do" attitude
- **Mutual Support and Respect:** Being available, respect for others' opinions, time, feelings and by use of appropriate language
- **Trust and Openness:** Facilitating frequent, transparent two-way communications
- **Courage:** To risk going beyond our comfort zone and to learn from our mistakes
- **Fairness:** Accepting of a difference of opinion and achieving balance and equity in outcomes
- **Uncompromising Standards:** Care for health, safety and the environment as well as living and promoting our values in a culture of continuous improvement and learning.

"Our Goal is to provide Material Handling Equipment and solutions which will allow our customers to operate at the highest level in the Manufacturing, Retail, Storage and Distribution of their product."

- Shane Poulton Managing Director

Contents

P4

UTILITY CARTS

Versatile Trolley Solutions for Efficient Material Handling.

MONSTAR STEP

www.monstarladders.com.au

Outperforms other similar safety steps in longevity and strength.

The Monstar Step is the only plastic safety step that has superior design features over existing injection moulded safety steps available in Australia.

The Monstar Step is a quality, cost effective solution designed for intermittent use. Designed to be durable, safe and robust.

Monstar Step has a larger, safer area of non slip tape including an indentation on the lower step so the tape will not wear away - ensuring longevity of non slip surface.

The Monstar Steps come with the following features, benefits and specifications.

- › 370mm x 370mm large non-slip platform
- › Supports up to 260kg with durable polypropylene frame
- › Four-way access and rubber feet for stability
- › Lightweight 3.5kg design for easy handling and transport
- › Ideal for warehouses, workshops, and general-purpose use
- › Fully fitted with non-slip tape for added safety
- › Resistant to rust, dents, and corrosion for long-lasting use
- › Stackable design for efficient storage organisation

- 260kg Rated Capacity
- Large Deck 370 x 370mm
- Lightweight with 3.5kg
